SPECIFICATION AMENDMENTS

Replace paragraph [0083] with:

[0083] Longitudinal stiffener ~~511~~ 52l and transverse stiffener ~~51t~~ 52t extend in the same plane perpendicular to both transverse wall 51t and to longitudinal wall 51l.

Replace paragraph [0089] with:

[0089] Likewise, anchoring points 543 of second limb ~~541~~ 542 are arranged along the edge of longitudinal stiffener 52l welded to longitudinal wall 51l.

Replace paragraph [0098] with:

[0098] The first edge intersects transverse stiffener ~~51t~~ 52t. Stress-relieving slit 12 is made in this stiffener and is arranged so that the first edge intersects this slit 12 at its center.
